Header and Footer

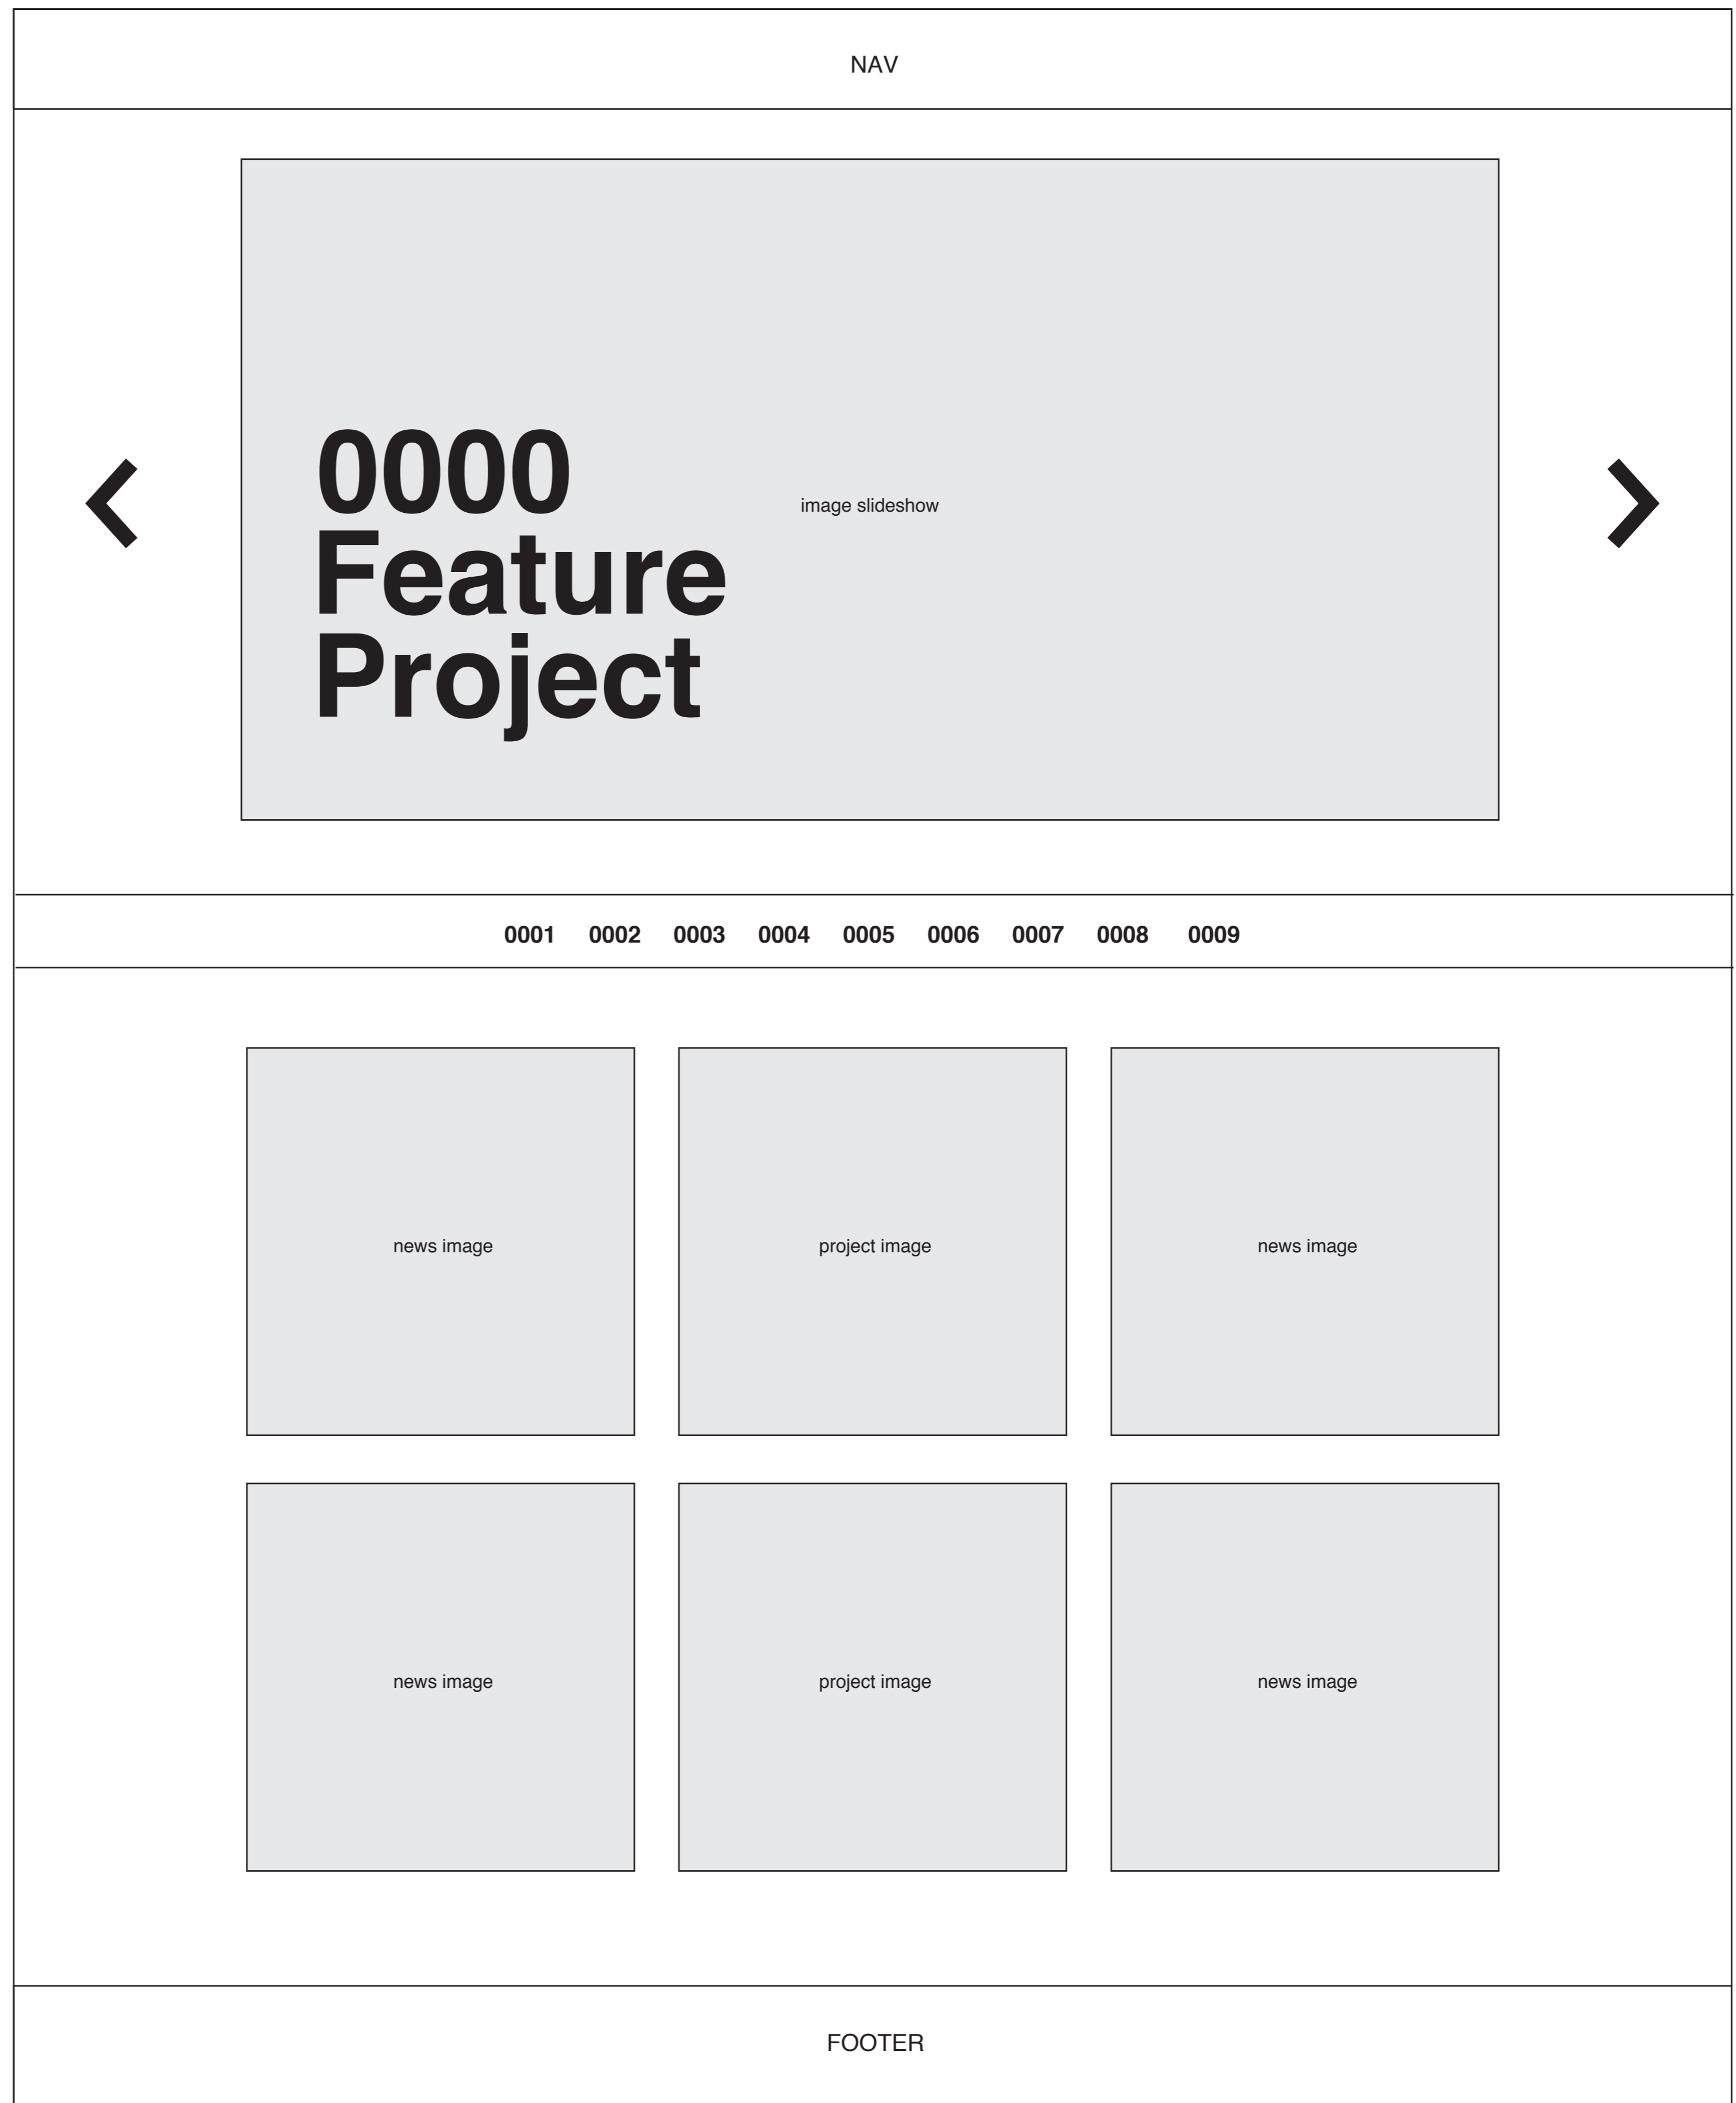

Home

Slideshow feature: highlights a few projects through a slideshow.

The row of project numbers acts as a 'quick link' into those projects.

A grid of 6 buckets follow allowing space for news posts and/or project images.

About

A company statement leads this page to quickly establish what you guys do.

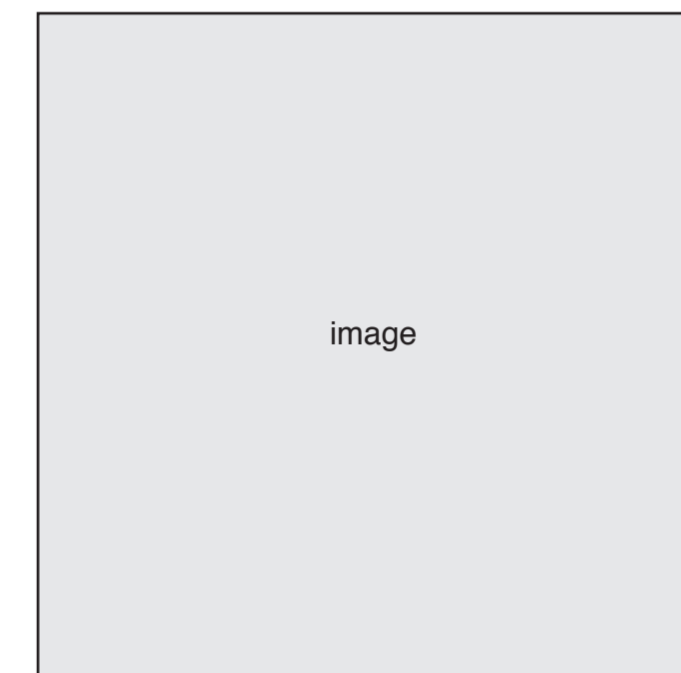

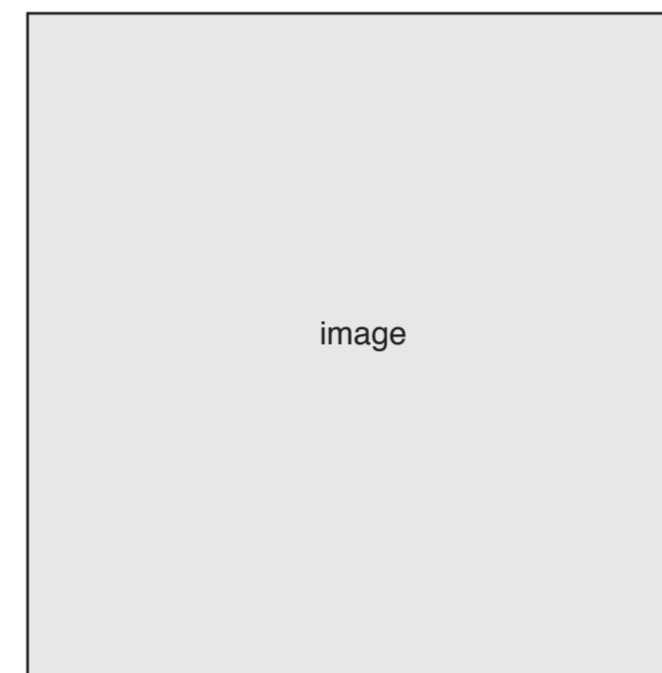

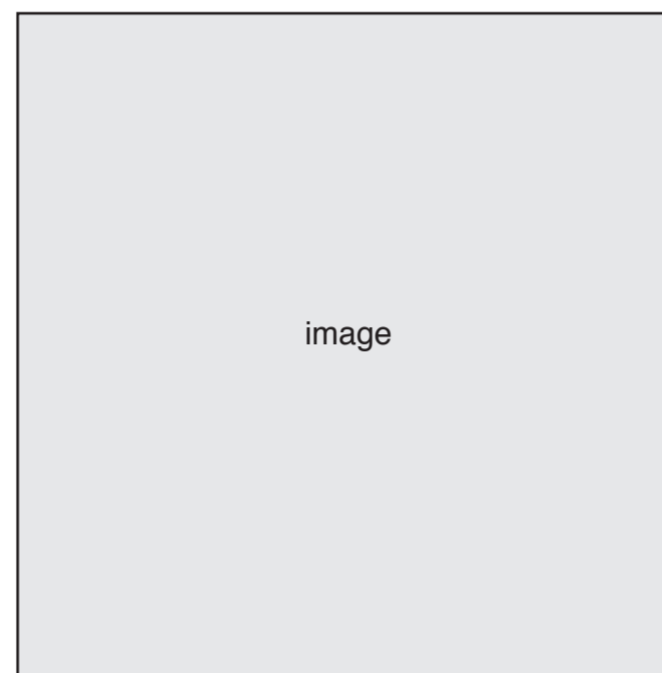

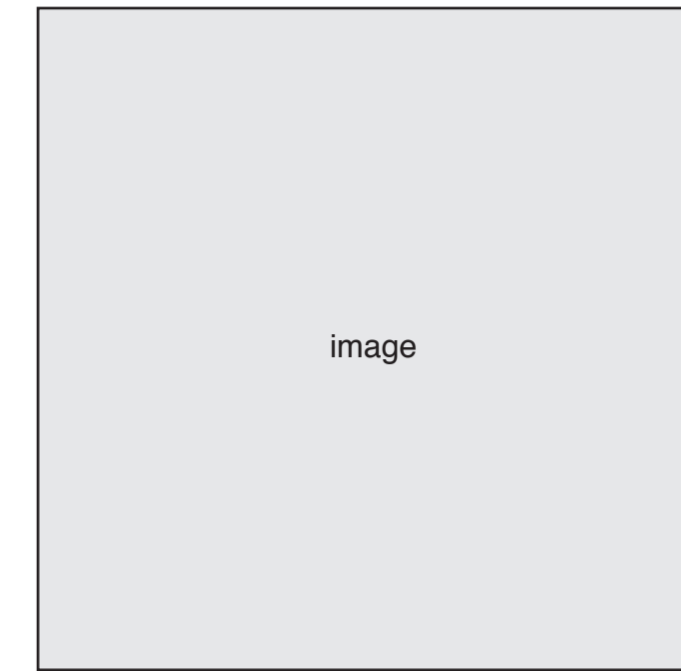

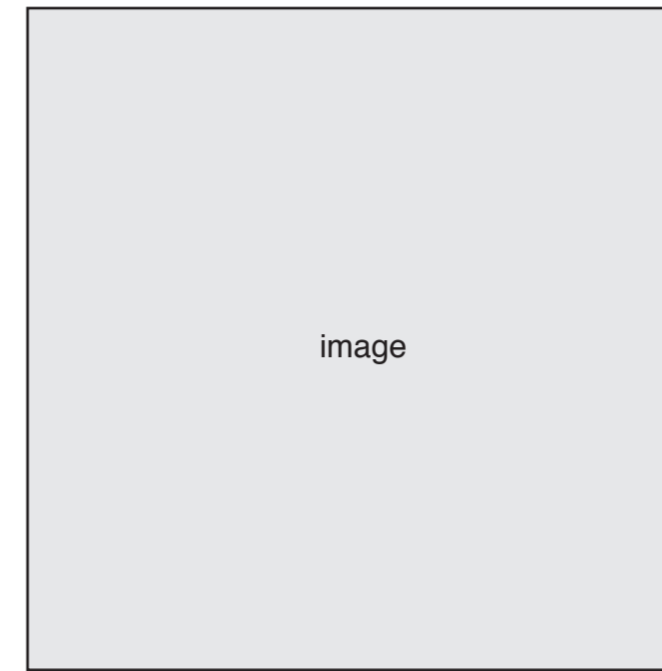

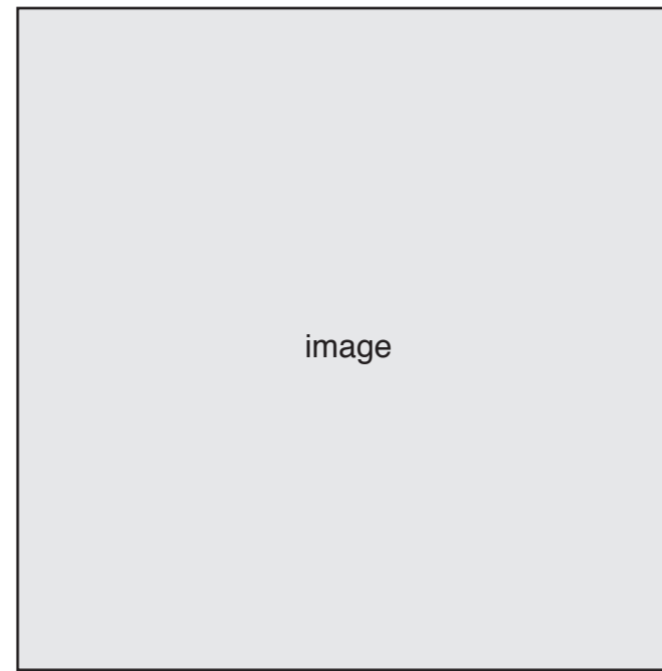

Supporting images fall within the grid below.

More text is optional if you wanted to include more information about the company.

Contact info and a map of your location follows.

FOOTER

Projects

The projects link in the nav would immediately take you to into a full view of the first project.

The strip of projects on the home page (the quicklinks) would also shoot you to that full view page of that project.

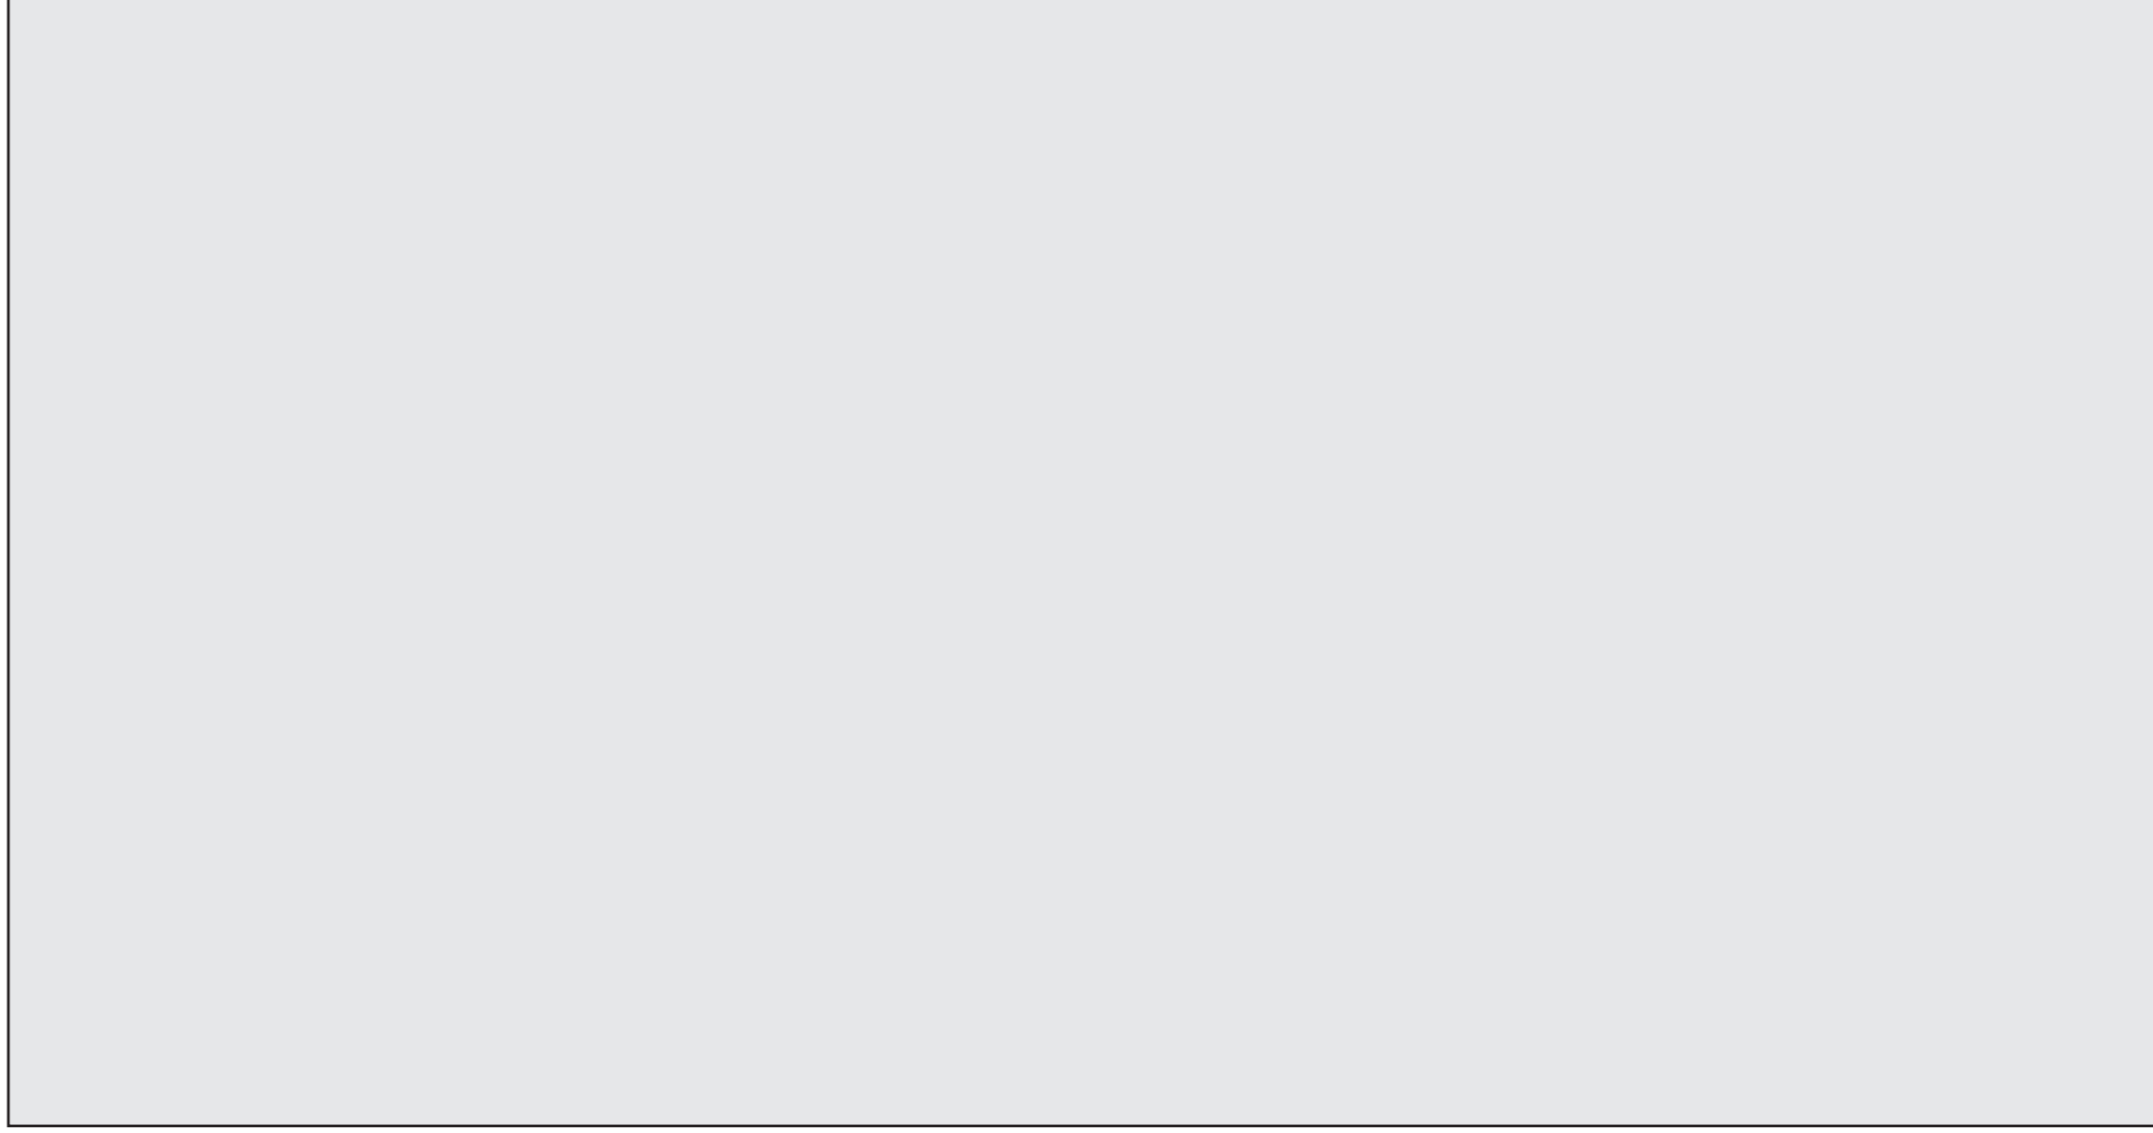

The page is allows for a very efficient and easy way to scroll through as many images that are necessary as well as text.

The arrows off to the browser sides allow you to quickly shuffle through to the next project.
